
Family of Origin

Lesson 1: Wisdom and Family

This course follows the Citizen's Church Family of Origin sermon series found on the Family of Origin page of Connect the Nations. This is a video and audio only lesson, so please listen and answer or discuss the questions.*

Discussion Questions

Begin thinking about your family of origin.

How would you characterize your family of origin – wise, confusing, foolish, or a combination? Explain.

What lessons did I learn in my upbringing that were healthy or unhealthy?

If I learned an unhealthy lesson, what made it unhealthy?

From this lesson, what do I now know is the truth? What verses in the Bible tell me this truth?

This Week:

Write in your journal:

1. Discuss your answers in a group or with a trusted friend.
2. Write the verses that help you to remember the truth on index cards. Read these verses during your prayer times with the Lord this week.
